Ford to Build \$5,000,000 Plant in Richmond

The Ford Motor Company will spend \$5,000. 000.00 instead of \$2,000,000.00 on its Richmond

This is the word from the large surety com panies which have been notified by the Ford Company to be prepared to issue surety bonds contractors engaged in building a "\$5,000, 000.00 plant at Richmond, California.

When the Ford Company entered agreement and took an option to purchase a 62-acre site in Richmond, providing certain conditions were met by the city in the matter of deep wa streets, rail facilities, it stipulated that, initial investment would be not less than 000,000.00 and that it would employ not less than 800, men.

A \$5,000,000,00 plant means something like 2,000 employes. And remember that the largest per-centage of these employes will live in Richmond. Harbor improvement is good business.

Rewarded for Courtesy /4

A short time ago the papers of Penn., gave first page publicity to three women employees of Joseph Horne Company, who were each left five hundred dollars in a will of a wealthy woman who had recently passed away. Two were saleswomen in the ready-to-wear ections, and one was in the alteration division The bequests were left in appreciation of "little acts of courtesy" on the part of these employees. This is but proof of the fact that customers are not likely to forget the courteous employee. Financial reward may not come to one, but if

in the heart of a customer the appreciative note of courtesy has been struck, she will return again and again to that individual who is considerate, painstaking and has a personal interest in her needs. It is all courtesy the humantouch in business.

"What is so marvelous about courtesy is that it costs us nothing."

The prosecuting attorney was examining-a-col-

ored witness.
"Now, Mose," he said, "tell us what you know

about this fight." 'Well boss," began Mose, "I thinks-" "I don't want to know what you think. Tell-us

what you know."
"I think—" "I told you not to tell what you think."
"But, boss," said Mose, apologetically, "I ain't

no lawyer. I can't talk without thinking."— The Open Road.
